Hey I'm new to photoshop and this forum, but I have a question for all of you awesome users. Can anyone tell me how I can learn how to use photoshop better? I'm no good at understanding where menus go, and I can't figure out how to make a double-click se I'm new here, this is my first post. I just want to say that this forum is wonderful. The replies to this forum are very thorough. I've searched high and low for a good "set" of tutorials that teach people how to do things, including color correction. You guys are great. Thank y I'm a novice, new to this, and I'm trying to learn how to use PS. Can anyone tell me how to get rid of a histogram? I have a tutorial on youtube, but it's not very clear on how to do it. I need to know what I need to select in PS, and then how to delete it.Q: How do I copy and past this JSON to the chart I'm creating a web-app and I have a bar chart that displays the average stock price on a certain date. When I use the Google Visualization API, this is the data returned. { "cols": [ { "id": "day", "label": "Day" }, { "id": "date", "label": "Date" }, { "id": "price", "label": "Price" } ], "rows": [ "c": [ { "v 82157476af
